FAST FACTS

Title: Nitto ATP Finals

Dates: 12-19 November 2017

Location: The O2, London

Format: Round robin format with 8 players/teams divided into two groups of four. The seeds will be determined based on the Emirates ATP Rankings as of Monday, Nov. 6. All singles matches shall be the best of three tie-break sets, including the final. All doubles matches shall be two sets (no ad) and a Match Tie-break.

Draw: The top seed for singles will be placed in group "Pete Sampras," for doubles: in group "Woodbridge/Woodforde." The second seed for singles will be placed in group "Boris Becker," for doubles: in group: "Eltingh/Haarhuis." Player/teams seeded 3 and 4, 5 and 6, 7 and 8, will then be drawn in pairs with the first drawn placed in: for singles: in group "Pete Sampras," and for doubles: in group "Woodbridge/Woodforde." The round robin will determine the four players/teams for the semi-finals with the format thereafter being an elimination competition. The winner of each group (best overall record) will be placed in separate semi-final brackets, with the top player/team for singles: in group "Pete Sampras" and for doubles: in group "Woodbridge/Woodforde" playing the runner-up, for singles: in group "Boris Becker," for doubles, in group "Woodbridge/Woodforde," and vice-versa. If two or more players/teams are tied after the round robin matches, the ties will be broken by the Semi-final Qualifying Procedure (see next page). All singles matches will be the best of three tie-break sets. All doubles matches will be two sets (no ad) and match tie-break.

SEMI-FINAL QUALIFYING PROCEDURE

The final standings of each group shall be determined by the first of the following methods that apply:

- a) Greatest number of wins;
- b) Greatest number of matches played;
Comment: 2-1 won-loss record beats a 2-0 won-loss record; a 1-2 record beats a 1-0 record.
- c) Head-to-head results if only two (2) players are tied,
- d) If three (3) players are tied, then:
 - i) If three (3) players each have one (1) win, a player having played less than all three (3) matches is automatically eliminated and the player advancing to the single elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; or
 - ii) Highest percentage of sets won; or
 - iii) Highest percentage of games won; or
 - iv) The player positions on the Emirates ATP Rankings as of the Monday after the last ATP World Tour tournament of the calendar year.
- v) If (i), (ii), (iii) or (iv) produce one (1) superior player (first place), or one (1) inferior player (third place), and the two (2) remaining players are tied, the tie between those two (2) players shall be broken by head-to-head record.

Comment 1: 1 player has 3 wins and the other 3 players have 1 win. Of the 3 players with 1 win, 1 player has only played in 2 matches while the other 2 players have played 3 matches. The player who has only played 2 matches is eliminated and then the 2 remaining players revert back to head-to-head results with the winner of their match advancing to the semi-finals.

Comment 2: 1 player has 3 wins and the other 3 players have 1 win and they all have played 3 matches. The tie-break for % of sets won has 1 player with a better % than the other two. This player advances to the semi-final round.

Comment 3: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, they are ordered by their % of sets won. This produces a 1, 2 & 3 order and the players finishing 1 and 2 move to the semi-final round and the player finishing 3 in % of sets won is eliminated. The player with the best % of sets won is the winner of the group.

Comment 4: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 1 player's sets won-loss is 5-2 for 71.43%; the other 2 players both have a 4-3 record in sets for 57.14%. In this case there is 1 superior player (71.43%) and the remaining 2 players are tied; it now reverts to the head to head result of the 2 remaining players with the winning player advancing as group runner-up.

Comment 5: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 2 have set won-loss records of 5-3 (62.5%) while the other player is 4-3 (57.14%). In this case we have 1 inferior player (57.14%) and he is eliminated. The remaining two players both advance to the semi-finals with the winner of their head-to-head match advancing as the group winner.

Comment 6: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, all have played 3 matches and all 3 have set won-loss records of 5-4 (55.56%). In this case we move to % of games won. The % of games won breaks down like this: 44-40 for 52.38%, 45-43 for 51.14% and 44-43 for 50.57%. This produces a 1, 2 and 3 order of the group and the number 1 player in % of games won is the group winner while the player finishing 2nd in % of games won advances to the semi-finals as the group runner-up. The player with the 3rd best % of games won is eliminated.
